

Announcer

The job: Announce riders as they enter the rings as well as make announcements during the show.

- You will be provided with an order-of-go for each ring. Ring Stewards will communicate by radio the rider numbers as they enter each ring. The rider should be announced for each ring.
- It should be announced when the jump ring is available for schooling in between classes.
- The Ring and Warm-up Stewards will ask for missing riders to be announced throughout the day as needed. They may also ask you to announce if a ring is running ahead or behind schedule.
- The official show time should be announced regularly throughout the day.
- Other announcements to make during the day (Feel free to improvise here):

“Foothills Mountain BBQ is open and serving (breakfast/lunch) Please visit them near the warm-up arenas”

“Thank you to all of our volunteers. These shows would not be possible without them.”

“Erik Olsen is onsite offering You Tube videos of your rides. Please talk to Erik if you are interested in having your ride videoed” (only if he is at the show)

“Thank you to our Judges (list names) who have traveled to be here today”

Call the office for drinks or emergency chocolate if needed. Have fun!
