

Hospitality Runner

Your job is to provide drinks and food (lunch and snacks) to all volunteers and show officials throughout the show.

- You will have a hospitality golf cart that will have a cooler with drinks and a basket with snacks that you will take around to the various rings during the day. Replenish the cooler and basket as needed.
- Usually, your first task will be to ask judges and scribes if they want coffee or tea.
- You will pick up the lunches from the Food Vendor at the time the Volunteer Coordinator has set.
- You might be asked to do other jobs during the day that require a golf cart---like do a stall check or get food/drinks from the concession stand.
- There should be a Keurig pot in the scorer's office that you can use for coffee, tea or hot chocolate.
- You will deliver lunches to those unable to come to the show office during lunch(like the jump crew or warm-up stewards).
- Put the left-over food and drinks back into the trailer or pack them up to be picked up as directed by the Hospitality Team.
- You are the direct face of the show to the volunteers so please be pleasant and helpful as you interact with them.
