The job: Pick scores up from each ring and deliver them to the office.

- Tests should be picked up from the Dressage rings regularly throughout the day and delivered to the scorers in the office. A general rule of thumb is to pick up after every 3 tests. The scorers need these tests in a timely manner to put in the scores.
- After each jumping division at a CT show the score sheet should be picked up and delivered to the scorers in the office. Check the Jump Ring Schedule to know when the Combined Test for each division is over.
- The scorers will let you know where they would like tests from each ring placed.
- **Do not enter a ring or approach the judge's booth while a rider is completing a test or on course jumping.**
- Always approach the scribe to pick up tests, not the judge. Some scribes may have a special place that they leave tests once they are finished with them.
