- Before scoring the test, you should:
 - Check test sheet to see that all movements and collective marks have a score.
 - Look for red **"error"** which might be written as **-2** in among comments.
 - Check that the judge has signed the test and initialed any changes on the marks.
 - If there is a missing mark or the judge has not signed the test it must be sent back to the judge to be corrected.

This will bring up the boxes where you enter the scores for each movement.

In the Error Box you enter the total error deductions (2 for the first error and 4 if there are two errors). It will appear as a - (minus) beside the box.

Only enter the number the scribe has written—do not multiple it by the co-efficient - the computer will do that!

If the Rider is eliminated, withdrawn, etc. follow the directions on the scoring module.

Hit the SAVE button.

This returns you to the previous screen where you select "Place Division". This will place the Division for you. If you get a tie you break it by looking at the collective marks and the one with the higher marks is

the winner. The other competitor comes in next. If the collective marks are a tie then it remains a tie. For the Combined Test, the tie breaker is the one closest to the optimum stadium time. If that is a tie, it remains a tie. You manually change the placings to reflect the tie breakers.

Save the results and return back to the previous screen where you will select "Print Results". You will make 3 copies. One copy you post on the score board outside the office, the second copy is the record for the Show Secretary that you place in the designated slot in the basket and the third copy goes with the tests to the Awards Person.

Fold the tests and mark on the front the placing for that rider (1st, 2nd, 3rd, etc.). Arrange the scored tests for each class in sequence, highest percentage scores on top. Give the tests to the Awards person who will give out the tests and the ribbons and any prizes that go with the classes. There should be a colored folder that is marked for the tests you have completed for you to use to give to the Awards person.

COMBINED TEST

The Combined Test is scored for the Dressage portion as above. The results will be penalty points. If they are not coming up as penalty points check with the Show Secretary---she needs to correct that in the system.

Print out the results but **DO NOT GIVE OUT THE TESTS**. The Dressage tests are not given out until the Combined Test is done which is after the jumping (stadium) portion is scored.

To score the jumping, you go to the Scoring page and select "Show Jumping" instead of Dressage.

Select "Enter Scores"

You will enter the Jump Pen. (Jump Penalties) from the Stadium Score sheet for that rider if there are any.

For the "Time Exceeding" enter _____ . Then hit "Submit Scores".

Place Division and Print the Results. (3 copies)

Mark the tests and give them to the Awards person.

Post the results on the Score Board.

The Scorer should not show or discuss a test with a parent, friend or trainer/coach nor show or return a test to a rider until after the class is placed and posted. Similarly, the Scorer should not repeat anything that is written on a test to anyone. The comments on the tests are confidential. Once class is placed tests can be handed back to competitors.

Each show is different so check with show management before giving tests back to anyone who wants them before the class is completed.

At the end of the show, give the Show Secretary the copies of the score sheets.
